REQUEST FOR RECONSIDERATION

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

November 14, 2008

Sir:

The inventor has received the Office Action of May 14, 2008 and has evaluated the examiner's repeated rejection of claims 1, 2, 5 and 6 as being unpatentable over Bastholm et al. in view of Weimer et al. (he thanks the examiner for his continued indication of allowable subject matter in claims 3 and 4 (and 7?). He requests reconsideration.

Bastholm et al., of course, disclose a power supply for DC motors used in actuator for adjusting tables, beds and similar items of furniture. Weimer et al. disclose a feed-forward control of an aircraft bus DC boost converter.

It is quite clear that Weimer et al. deal with a very different problem from anything that would occur in Bastholm et al.; namely improved regulation performance in an electrical energy control circuit, more
